

Iterators & Generators - ES6

```
<script>
function* MyGenerator() {
  console.log("Started..");
}

let itr = MyGenerator();
console.log(itr.next());
</script>
```

Started..
{value: undefined, done: true}

```
<script>
function* MyGenerator() {
  console.log("Started..");
  yield 10;
}

let itr = MyGenerator();
console.log(itr.next());
</script>
```

Started..
{value: 10, done: false}
